RECOMMENDED USES

Commercial & Residential
Interior & Exterior
Floor & Wall
Backsplashes
Countertops
Fireplaces
Tub Surrounds & Showers
Vanities
Swimming Pools

TRIM

4"x16" SBN

DYNAMIC C.O.F. WET: 0.58

P.E.I. RATING: 4

FROSTPROOF: Yes

SIZE

8"x32"x9mm

The Sav Wood Series is a glazed porcelain. Digital print technology creates the same characteristics as real wood with nature-like variations in color and tone. Because this material is a porcelain product, minimal maintenance is required. Sav Wood Series is available in five colors. Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. When mixing sizes within a series, shade, texture and calibration differences should be expected. This series is suitable for residential and commercial applications.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15" and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular tiles 18 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

SIZE	SF/PIECE	PIECES/BOX	SF/BOX	BOXES/PALLET	SF/PALLET
8"x32"x9mm	1.7523	7	12.2661	42	515.1762
